JUSTICE 2.0 AWARDS

#Justice2Point0

The Justice 2.0 Awards recognise innovative, progressive and people-centred practice across the Justice Sector.

They celebrate work that moves beyond “business as usual” and actively strengthens the Principles of Growth for staff, people in prison, people on probation, services, organisations and communities.

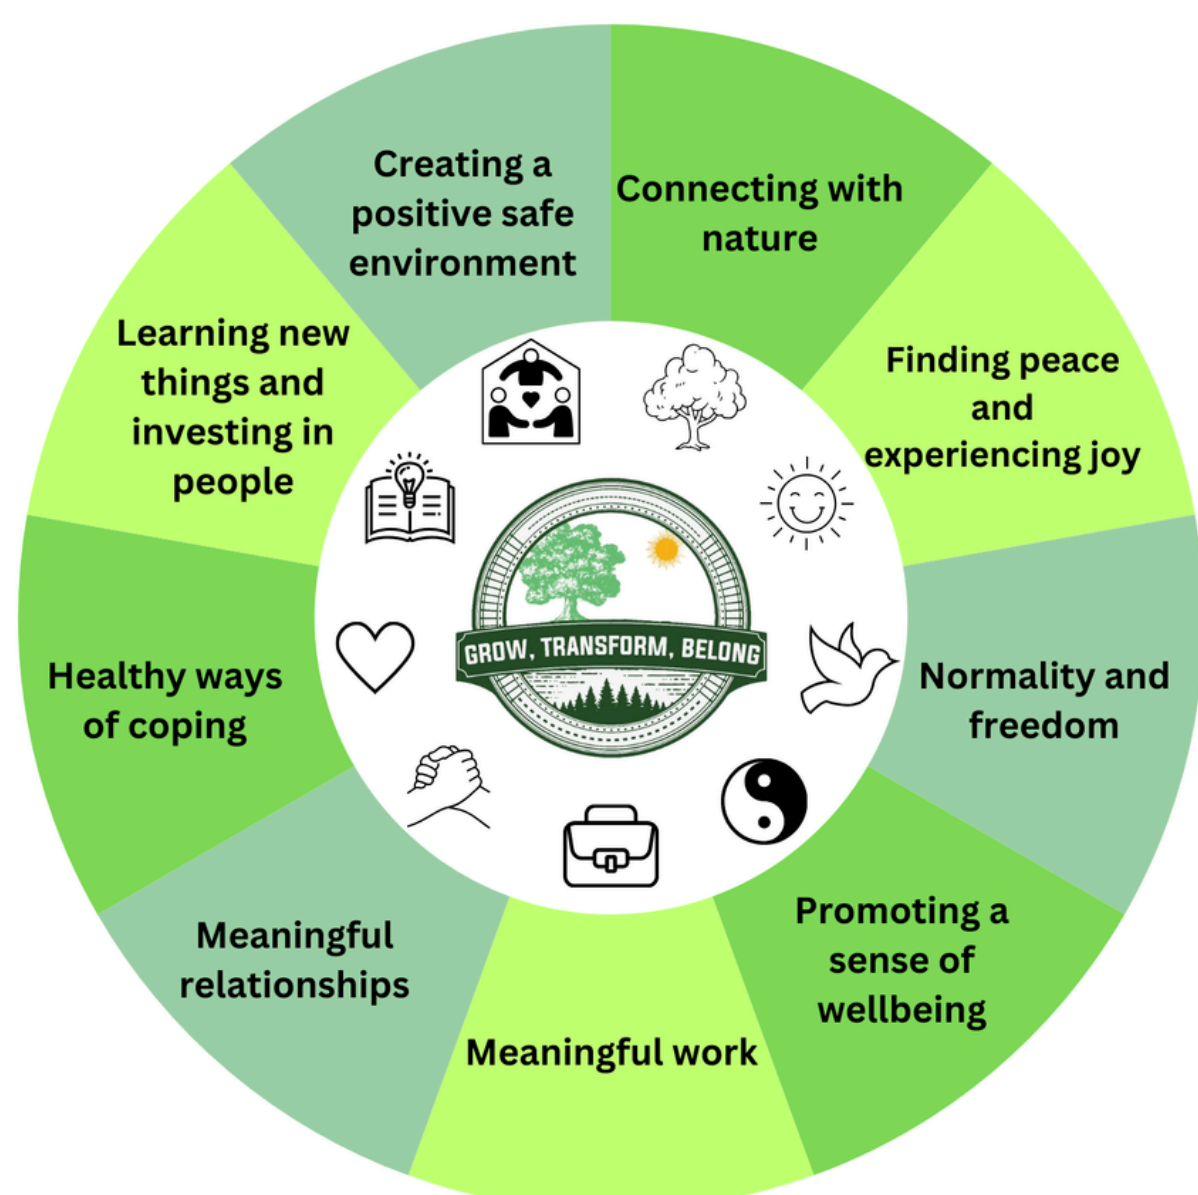

Justice 2.0 is about shifting from systems that manage people to systems that help people thrive.

PRINCIPLES OF GROWTH

The Justice 2.0 Awards are built on the Principles of Growth© and Growth philosophy. This powerful, evidence-based framework has been proven to contribute to transformative cultural change.

Inspired by findings from Norwegian prisons, these principles identify the key ingredients for personal and cultural transformation within the criminal justice sector.

At its core, the Justice 2.0 Awards are about creating environments that are safe, relational and purpose-driven where people can thrive, take ownership and contribute to meaningful change for all.
